Continuous Line Self-Portraits

Materials

- Paper of any size, shape, or color
- Drawing materials such as pencils, pens, markers, etc.
- Mirror

Instructions

- Begin by looking at yourself in the mirror. Place your drawing tool on the page and begin to draw yourself. Do not pick up your pen, pencil, or marker! Move around the page until you have completed your self-portrait using one continuous line.
- If you would like, fill in any details with other drawing materials.
- You can challenge yourself by drawing another self-portrait in the same way, but this time look only in the mirror and do not look at your paper while you draw. How are your drawings different? How are they similar?
